Product Overview

Professional PTC Space Heater

This portable PTC ceramic space heater offers a safe and efficient solution for heating small to medium-sized rooms. It features microcomputer-controlled digital settings for precise comfort and uses high-efficiency PTC technology for rapid heating. Designed with safety in mind, it includes a fall power-off mechanism, overheat protection, and flame-retardant materials for reliable long-term operation.

Performance Metrics

Power Consumption

8 W Cold Wind	900 W Low Heat	1300 W High Heat
-------------------------	--------------------------	----------------------------

Operating Modes

Natural Wind, Low Heat, High Heat

Technical Specifications

Heating Mode	Vol/Freq	Power (W)		Product size (mm)			Packing		N. W (KG)	G. W (KG)	Packing size (mm)	Loading Qty (pcs)	
		Cold wind	Heat wind	Length	Width	Height	Inner box	1pcs				20' GP	40' HQ
PTC	220V/50Hz	8	900/1300	205*165*305mm			Carton	6pcs	10.2	11.2	435*525*330	2238	5436

Official technical specifications and packaging dimensions.

Electrical Requirements

- Voltage: 220V
- Frequency: 50Hz

Product Dimensions

- Length: 205 mm
- Width: 165 mm
- Height: 305 mm

Safety & Control

Safety Protection

Fall Power-off Protection • Overheat Protection • Overcurrent Protection • Flame Retardant ABS

Digital Controls

- 1-7 Hour Timer
- Wide Angle Oscillation
- Digital Interface

Logistics

Logistics Table

Metric	Value
Pieces per Carton	6
Net Weight (Total)	10.2 KG
Gross Weight (Total)	11.2 KG
20' GP Capacity	2238 pcs
40' HQ Capacity	5436 pcs
