

Portable Quartz Tube Space Heater

This is a portable electric space heater designed for indoor use. The heater is designed to provide supplemental heat to small areas.

Product Overview

Compact Comfort Solution

This portable quartz tube space heater is designed to provide efficient, supplemental warmth for small indoor areas. Featuring a lightweight white plastic housing and an ergonomic integrated carrying handle, it offers excellent mobility and ease of use. The unit utilizes reliable quartz heating elements protected by a sturdy metal grille to ensure both performance and safety.
