

Portable Rechargeable Fan with Plastic Housing

This rechargeable fan is designed for portable use. It features a durable plastic housing with a protective grill and optimized blades for efficient airflow.

Product Overview

Portable Cooling Solution

This 10-inch portable rechargeable fan features a durable plastic housing designed for reliable performance in both indoor and outdoor environments. Engineered for efficiency and versatility, it serves as an ideal cooling solution for camping, travel, emergency power outages, and temporary workspaces. With three adjustable speed levels and an integrated carrying handle, it offers both comfort and convenience in a compact, energy-saving package.
