

Portable Rechargeable Table Fan with LED Light

This portable table fan features a compact design with an integrated LED light. It is powered by a rechargeable battery, making it suitable for emergency use or outdoor activities.

Overview

Versatile Portable Cooling and Lighting

This portable table fan is designed for versatility, combining effective cooling with integrated emergency illumination. Its compact, safety-focused frame and lightweight construction make it an ideal solution for power outages, camping, or localized desk cooling. Featuring rechargeable battery power and intuitive controls, it offers reliable performance in a variety of indoor and outdoor settings.
