

Portable Room Air Conditioner

This portable air conditioner is designed for cooling individual rooms or small spaces. It features a digital display for easy temperature and mode control, and includes integrated handles for portability.

Model	WAP-117DA		
	Technical Specifications for European Market	Technical Specifications for North American Market	
Power supply	220-240V/50Hz	115V/60Hz	115V/60Hz
Capacity (BTU)	6000 BTU	5000 BTU	7000 BTU
Power consumption	720W	650 W	750 W
Recommended room size	13m ²	12m ²	14m ²
Compressor	Rotary	Rotary	Rotary
Refrigerant	R-410A	R-410A	R-410A
Airflow volume (m ³ /hour)	240m ³	240m ³	240m ³
Dehumidifying capacity (L/24h)	0.8L	1.0L	2.0L
Noise level	48dBA	48dBA	48dBA

Key Features	Product Details
Electronic control with LCD display	Color
3 Fan speed (Low/Med/Hi)	Unit dimension (W x D x H)
24h Timer	Packaging dimension (W x D x H)
*Auto self-evaporation (No draining)	Net weight
Remote control	Gross weight
HEPA Filter Function	Loading Qty (20°-40° RH @ 25°C)
*The state-of-the-art water extraction (self-evaporation) system has been patented by MERHEIN. (Patent No. ZL 01 2 53069 9)	
Remarks	
1 Silver color is available.	
2 The above model has LVD, EMC, CE, and UL approvals and also complies with RoHS directives.

Product Overview

Professional Portable Cooling

The WAP-117DA is a versatile portable air conditioner engineered for efficient climate control in homes and offices. It features an intelligent auto self-evaporation system to manage condensation and offers user-friendly operation through an electronic LCD display and remote control. Designed for global markets, it ensures reliable cooling performance with a focus on convenience and ease of mobility.
