Product Overview

Versatile Solar Illumination

This portable solar-powered LED lantern offers an energy-efficient and eco-friendly lighting solution for indoor and outdoor environments. Constructed from durable, weather-resistant materials, the unit features an integrated solar panel and a high-capacity lithium-ion battery. It doubles as a mobile device charger, making it an essential tool for off-grid lighting and emergency power needs.

Technical Specifications

Solar Panel	3.5 W
Battery Capacity	4400 mAh
Light Output	110 lm
Color Temperature	6000K-6500K
Charging Time	10-12 hours in full sunshine

Lighting Performance

Battery Run-Time by Mode

18 hrs
Brightest

70 hrs
Bright

150 hrs
Bed Light

Features

Key Capabilities	USB Phone Charging, Weather Resistant, Portable Handle, FM Radio Included, Shock Resistant
