

Portable Steam Cleaning Machine

This portable steam cleaning machine is designed for versatile cleaning applications. It utilizes pressurized steam to effectively remove dirt, grease, and grime from various surfaces.

Overview

Portable Steam Cleaning Machine

This compact and lightweight steam cleaning machine is designed for versatile cleaning applications, effectively removing dirt, grease, and grime from various surfaces. It utilizes high-temperature, pressurized steam to sanitize and disinfect areas such as kitchens, bathrooms, furniture, and automotive interiors. Equipped with a child safety lock and a convenient 3-meter power cord, this device offers both safety and ease of use for targeted cleaning tasks.
