Product Overview

Portable Sterilization Solution

This portable sterilization wand is a compact and efficient device designed for on-the-go sanitization. Utilizing advanced UVC-LED technology, it effectively targets and neutralizes harmful microorganisms on various surfaces. Its lightweight, ergonomic design and rechargeable battery make it an ideal tool for maintaining a cleaner environment in homes, offices, or public spaces.

Technical Specifications

UVC Wavelength	265 nm
UVC-LED Lifetime	5000 Hours
Light Source	Single UVC-LED

Power & Battery

Battery Capacity	250 mAH
Battery Type	Non-removable polymer battery
Input	5V-1A

Performance Metrics

Key Performance Metrics

150 min

Continuous Use

2000 Hours

Standby Time

60 mA

Working Current

Features

Ideal Use Cases	Home, Office, Automotive, Public Spaces
