

# Portable Travel Iron with Foldable Handle

This travel iron heats up quickly in 40 seconds. Its compact design and foldable handle allow for easy storage and both vertical and horizontal ironing.

## Product Overview

### Compact Travel Iron Solution

Designed for maximum portability and ease of use, this travel iron features a foldable handle and a compact form factor for space-saving storage in any luggage. The 1300W heating element and integrated pump system deliver a powerful steam output within 40 seconds, ensuring high efficiency for both vertical and horizontal ironing. Ideal for business travelers, this iron combines professional performance with convenience, featuring a non-stick ceramic soleplate and an auto-shutoff safety feature.
