

Portable Trolley Speaker with Bluetooth and LED Lighting

This portable trolley speaker features Bluetooth, USB, FM radio, and aux input. It also has LED color-change lights and is compatible with both wired and wireless microphones.

Product Overview

Versatile Audio Performance

This portable trolley speaker is designed for professionals seeking high-quality mobile sound reinforcement. Featuring a robust 40W power output and a dedicated 1-inch tweeter paired with an 8-inch woofer, it delivers clear, dynamic audio across a wide frequency range. With its integrated LED lighting, long-life rechargeable battery, and built-in wheels, it provides an all-in-one solution for events, presentations, and mobile audio applications.
