

Portable Trolley Speaker with Bluetooth and LED Lighting

This portable trolley speaker provides versatile audio playback through Bluetooth, USB, TF card, FM radio, and aux input options. It also has LED color-changing lights and is compatible with both wired and wireless microphones.

Overview

Professional Portable Audio Solution

This portable trolley speaker system is engineered for versatile audio performance in diverse environments. Featuring a powerful 40W output and a high-fidelity 15-inch drive unit, it delivers clear, consistent sound across a broad frequency range. Its integrated trolley handle and wheels ensure maximum portability, while the long-life rechargeable battery and diverse input options make it an ideal choice for mobile presentations and events.
