

Portable Trolley Speaker with Bluetooth and LED Lighting

This portable trolley speaker delivers powerful audio output with a large speaker driver and built-in amplifier. It features Bluetooth, USB/TF, FM radio, Aux, Mic, and Guitar inputs, along with LED lighting effects, a rechargeable battery, and a telescopic handle and wheels for easy transport.

Product Overview

Professional Portable Audio Solution

This powerful trolley speaker is engineered for versatility and high-performance audio in professional settings. Featuring a robust 120W output and a high-fidelity drive unit configuration, it delivers clear, dynamic sound suitable for events and presentations. With its integrated trolley design, including a telescopic handle and wheels, it offers exceptional portability alongside a rechargeable battery for reliable, long-term operation.
