

Portable Trolley Speaker with Bluetooth and USB

This portable trolley speaker provides versatile audio playback with Bluetooth, USB, and FM radio. It has a rechargeable battery and is compatible with both wired and wireless microphones.

Product Overview

Versatile Portable Audio System

This portable trolley speaker is designed for high-quality audio playback in both indoor and outdoor settings. Equipped with convenient transportation features like a telescopic handle and wheels, it is an ideal solution for presentations, karaoke sessions, and mobile events. The system supports multiple input modes including Bluetooth, USB, and FM radio, complemented by an integrated LED light show for added visual impact.
