

Portable Trolley Speaker with LED Lighting

This portable trolley speaker is designed for versatile audio playback. It features Bluetooth, USB, SD card, and AUX input options, along with microphone input for karaoke or public speaking.

Overview

Professional Portable Audio Solution

This portable trolley speaker is engineered for high-performance audio delivery in versatile environments. Featuring a powerful 80W output and a 15-inch drive unit, it provides deep, immersive sound suitable for events and public speaking. The integrated trolley handle and wheels ensure maximum mobility, while the vibrant LED strip lights add a professional visual element to any presentation.
