

Portable Trolley Speaker with LED Lighting

This portable trolley speaker delivers versatile audio playback from Bluetooth, USB, TF card, FM radio, and aux inputs. Integrated LED lighting enhances the audio experience with visual effects.

Product Overview

Portable Versatile Audio System

This portable trolley speaker is designed for professional audio reinforcement in both indoor and outdoor settings. Equipped with high-quality LED lighting effects and a robust 80W output, it provides a dynamic listening experience. Its integrated trolley handle and wheels, combined with multi-source connectivity like Bluetooth and USB, make it an ideal solution for events, public speaking, and entertainment.
