

# Portable USB Mini Fan

This product line includes a variety of USB and mini fans designed for personal cooling. The USB fans are available in multiple colors and sizes, with options for both personal and desktop use.

## Product Overview

### Professional Cooling Solution

This portable cooling fan series is engineered with an all-metal structure for superior durability in industrial and personal environments. Featuring high-density protective grills and high-temperature-resistant motors, these units deliver powerful airflow safely and reliably. The series includes a versatile range of sizes from 4-inch USB models to 12-inch floor standing and table configurations.
