

# Portable Vehicle Refrigerator

This portable car refrigerator is designed for cooling and freezing food and beverages while on the go. It features a digital display for temperature control and a durable, compact design suitable for camping and road trips.

## Product Overview

### Portable Cooling Solution

This 45L portable refrigerator is designed for reliable cooling and freezing performance in mobile environments. Featuring a versatile dual-voltage system for both AC and DC operation, it is ideal for road trips, camping, and professional transport needs. With efficient energy consumption and durable construction, it ensures your perishables stay at the optimal temperature wherever you go.

## Technical Specifications

### Climate Class

N • ST

Capacity	45 L
Dimensions (W x D x H)	715 x 400 x 532 mm
Net Weight	17.5 kg

## Performance

### Performance Highlights

<b>45 W</b> Rated Power	<b>0.15 kWh/24hrs</b> Daily Consumption	<b>50</b> Max Temp Drop
----------------------------	--	----------------------------

## Power & Electrical

### Power Input Compatibility

- AC 100-120V / 220-240V (50-60Hz)
- DC 12V / 24V

## Materials & Components

### Refrigerant & Insulation

Component	Specification
Refrigerant	R134a / 50g
Foam Vesicant	C5H10 / C-pentane
