Product Overview

Professional Battery Replacement Housing

This professional-grade housing is designed for the assembly and maintenance of Ni-CD and Ni-MH battery packs. Constructed from durable ABS+PC materials, it ensures robust protection for internal battery cells while facilitating easy assembly and disassembly. Ideal for cordless power tool repair, this housing includes essential terminal connectors and release mechanisms to ensure secure operation with tools and chargers.

Technical Specifications

Battery Compatibility	NI-CD, NI-MH
Voltage Range	9.6-18V
Capacity	3000 mAh
Material	ABS+PC
Cycle Life	300 cycles

Service & Quality

Certifications

CE • UL • RoHS • SGS • REACH
