Product Overview

Professional Surface Maintenance Solution

This rechargeable seam cleaner is designed for efficient weed and moss removal on hard surfaces like sidewalks, patios, and driveways. Featuring a dual-brush system and a specialized rolling guide wheel, it ensures thorough cleaning without the need for manual scraping or chemicals. The lightweight, ergonomic design and integrated debris shield provide a clean, user-friendly experience for property maintenance.

Technical Specifications

Brush Composition	Steel Wire Brush, Nylon Brush
Power Source	Rechargeable Battery
Cleaning Range	360 degree no dead angle

Safety and Design

Safety Features

- ABS debris shield
- Rolling guide wheel for stability
- Adjustable auxiliary handle
- Ergonomic handle design
