Product Overview

Precision Drilling Solution

This 720W Precision Drill Press is engineered for professional and DIY applications requiring high accuracy and repeatable results. Featuring a digital speed control system with a real-time display, it allows for precise adjustments across a range of 220 to 2550 RPM to suit various materials. The robust construction, paired with a stable 340x300mm base and integrated work-holding vise, ensures maximum stability during demanding woodworking and metalworking projects.

Performance

Performance Highlights

720 W

Rated Power

13 mm

Max Chuck Capacity

80 mm

Spindle Travel

Technical Specifications

Power Supply	230 V / 50 Hz
Spindle Speed Range	220 ~ 2550 /min
Swing	270 mm

Physical Dimensions

Weight Information

Type	Weight (kg)
Net Weight (N.W.)	8
Gross Weight (G.W.)	9.4

Base Dimensions 340 x 300 mm

Column Diameter 46 mm

Machine Height 660 mm

Features & Safety

Core Features

- Digital speed control with LED display
- Variable speed settings for material versatility
- Adjustable worktable for precise positioning
- Transparent safety guard for debris protection
- Power switch with integrated overload protection
- Robust construction for vibration reduction
