

Precision Pliers Set with Ergonomic Handles

This set includes side cutting pliers and needle nose pliers. Each plier is equipped with a spring mechanism and ergonomic handles.

Product Overview

Precision Pliers Set

This professional-grade set includes three essential pliers designed for intricate tasks such as electronics repair, jewelry making, and precision assembly. Each tool features an ergonomic handle design to ensure comfort during extended use, while the integrated spring mechanism allows for smooth, repetitive operation. Built for accuracy, this set provides the reliability needed for delicate manual work.
