

Pressurized Steam Cleaner with Wheeled Base

This steam cleaner features a wheeled base unit connected to a handheld wand for cleaning various surfaces. It uses pressurized steam to remove dirt, grime, and bacteria without chemicals.

Product Overview

Professional Versatile Cleaning

This pressurized steam cleaner provides a powerful, chemical-free solution for professional cleaning across diverse environments. Designed with a convenient wheeled base, it offers exceptional mobility for floor-to-ceiling sanitation, including specialized tasks like garment steaming and edge cleaning. By utilizing pure water to generate high-pressure steam, this unit ensures an eco-friendly and hygienic cleaning process for surfaces ranging from delicate fabrics to tiled flooring.

Key Features

Operational Benefits

- Chemical-free cleaning process
- Eco-friendly operation using pure water
- Adjustable steam flow for surface versatility
- Extended power cord for increased reach

Safety Standards

Child-proof lock
