

Professional Ceramic Hair Straightener with Swivel Cord

This hair straightener features a ceramic or aluminum heat plate and a PTC heating element. It includes an LED indicator light and a 360-degree swivel cord for easy styling.

Product Overview

Professional Ceramic Styling Solution

This professional hair straightener is engineered with high-quality ceramic plates to ensure even heat distribution and smooth, snag-free gliding. Its slim, ergonomic profile allows for effortless handling and versatile styling, making it suitable for creating sleek, straight looks or adding soft waves and curls. Designed for safety and convenience, it features adjustable temperature settings to accommodate various hair types and an integrated auto shut-off function.
