

# Professional Hair Dryer with Ionic and Tourmaline Technologies

This professional hair dryer features ionic and tourmaline technologies for reducing frizz and enhancing shine. It has multiple speed and temperature settings, a cool shot button, and includes concentrator nozzles.

## Product Overview

### High-Performance Salon Styling

This professional-grade hair dryer is engineered with advanced ionic and tourmaline technologies to minimize frizz and promote a smooth, shiny finish. Featuring a long-life AC motor with variable power up to 2200W, it offers reliable performance for both high-demand salon environments and personal use. With customizable heat and speed settings combined with ergonomic handling, it provides precise control for professional styling results.
