Product Overview

Professional 2-in-1 Hair Styling Tool

This versatile hair straightening iron features advanced 3D floating heating elements, making it suitable for both standard hair straightening and keratin treatments. Designed with universal voltage compatibility and a 360-degree swivel cord, it offers professional-grade performance and ease of use in any environment. Safety is prioritized with an automatic 60-minute shut-off feature and precise temperature control ranging from 140°C to 230°C.
