

# Professional Impact Drill

This professional-grade impact drill is designed for heavy-duty applications. It features a robust motor, variable speed control, and ergonomic design for comfortable handling and is ideal for drilling into wood, metal, and concrete.

## Overview

### Professional Impact Drill

This professional-grade impact drill is engineered for demanding heavy-duty applications. Featuring a robust motor and variable speed control, it offers exceptional performance for drilling into wood, metal, and concrete. The ergonomic design ensures comfortable handling during extended use, while the included side handle provides enhanced control and precision for every task.

## Technical Specifications

### Power Input

**750 W**

Power Rating

Model Number	Z1J-RT13-13
Voltage	230 V
Frequency	50 Hz
No-Load Speed	2900 r/min

## Features

### Key Features

- Variable speed control
- Robust motor for heavy-duty use
- Ergonomic handle design
- Secure chuck for bit retention
- Side handle for precision control

Suitable Materials	Wood, Metal, Concrete
