

Professional Rotary Hammer Drill

This professional-grade rotary hammer drill is designed for heavy-duty applications in construction and demolition. It features a powerful motor that delivers high impact energy for efficient drilling and chiseling in concrete, masonry, and other tough materials.

Overview

Professional Rotary Hammer Drill

This professional-grade rotary hammer drill is engineered for heavy-duty construction and demolition tasks. It features a high-performance motor designed to provide significant impact energy for efficient drilling and chiseling in concrete and masonry. The tool is equipped with a vibration reduction system and an ergonomic grip to support user comfort and safety during extended operation.

Performance

Operating Modes

- Rotary hammer
- Rotation only
- Hammer only

Max Drilling Capacity	26 mm
-----------------------	-------

Features

Key Features	Vibration Reduction, Depth Control, Secure Chuck Retention
Model Number	ZL2-2602A
