

Professional Sensor-Controlled Hair Clipper with Digital Display

This hair clipper is a professional-grade grooming tool designed for precision and performance. It features a sensor-controlled blade system, ensuring consistent cutting power and smooth operation.

Product Overview

Professional Grooming Performance

This professional-grade hair clipper is engineered for precision, featuring a high-performance DC motor and a sensor-controlled blade system for consistent cutting power. It offers exceptional versatility with infinitely variable speeds and an adjustable cutting height ranging from 0.8mm to 2.0mm. Designed for reliability, the unit includes a long-lasting 3500mAh lithium battery, providing up to 7 hours of cordless operation on a single charge.

Technical Specifications

Battery Capacity	3500 mAh
Fast Charge Time	2.5 hours
Cordless Runtime	7 hours
Cutting Height Range	0.8 - 2.0mm
Motor Type	High-performance DC motor

Features

Blade Material

- Ceramic moving blade
- High Density Titanium Alloy steel

Key Features

Sensor-Controlled, Cord/Cordless Operation, Detachable Battery, LCD Display, Infinitely Variable Speeds
