

Professional Tile Nippers with Cushioned Grip

These professional tiling nippers are designed for precise and clean tile cuts. Their durable steel construction includes cushioned handles for comfortable grip and reduced hand fatigue.

Product Overview

Professional Tiling Solutions

These professional-grade tile nippers are engineered for clean, precise cuts on various tile types, making them essential for high-quality finishing. Featuring a durable steel build and an integrated spring-action mechanism, the tool ensures smooth operation while minimizing hand fatigue during extended use. The cushioned grips provide added comfort and control, perfect for shaping tiles around corners, curves, and irregular surfaces with high accuracy.

Technical Specifications

Material	Durable Steel
