

Protective Safety Goggles

These safety goggles shield the eyes from hazards like impacts, dust, debris, and splashes. They feature durable polycarbonate lenses with anti-scratch and anti-fog coatings for clear vision and extended use.

Product Overview

Professional Protective Safety Goggles

These safety goggles are designed to provide essential eye protection against impacts, dust, debris, and chemical splashes. Engineered with high-transparency polycarbonate lenses and a flexible, soft frame, they ensure a comfortable fit for extended use in industrial and laboratory environments. The lenses include specialized treatments for anti-scratch and anti-fog performance, maintaining clarity in challenging conditions.

Technical Specifications

Optical Features

- High transparency lens
- 99% UV absorption treatment
- Anti-fog coating
- Anti-scratch coating

Standards Compliance

ANSI Z87.1

Materials

Polycarbonate Frame, Polycarbonate Lens

Design and Ergonomics

Design Features

- Soft and flexible frame
- Adjustable temple buckles
- Cord-compatible design
