

PSP 3000 Series Transparent Protective Case

This transparent hard case is designed to protect the Sony PlayStation Portable (PSP) 3000 series. It offers durable protection from scratches, dust, and minor impacts, ensuring device longevity.

Product Overview

Transparent Protective Hard Case for PSP 3000

This transparent protective hard case is engineered specifically for the PSP 3000 series, offering durable defense against scratches, dust, and minor impacts. Its clear, high-quality polycarbonate construction ensures that the original aesthetics of your device remain visible while providing robust protection. Designed with precision, the case features exact cutouts that allow full access to all buttons, ports, and features without the need to remove the cover.
