Product Overview

Semi-Automatic Vacuum Membrane Press

This professional-grade semi-automatic vacuum membrane press is designed for the efficient application of PVC film onto doors and various woodworking components. Engineered for consistency and durability, it features a reliable vacuum system and controlled heating to ensure a smooth, high-quality finish on surfaces up to 50mm thick. This unit is an ideal solution for woodworking workshops looking to streamline their surface finishing processes with precise vacuum forming technology.

Technical Specifications

Worktable Inner Size

- 2550 x 1100 mm
- 2550 x 1300 mm

Overall Size 5500 x 1400 x 1300 mm

Max. Working Thickness 50 mm

Performance

Rating Working Pressure

-0.09 Mpa

Vacuum Pressure

Electrical Requirements

Total Power	18.5 kW
Actual Power Consumption	8 kW
Power Input	380V, 50Hz, 3-Phase

Physical Properties

Net Weight

1100 kg
