

PVC Pipe Cutter Hand Tool

This PVC pipe cutter is a hand tool designed for efficient PVC pipe cutting. Its durable construction includes a sharp cutting blade for clean and precise cuts, and the ergonomic handle ensures comfortable operation.

Product Overview

Professional PVC Pipe Cutter

This hand tool is specifically engineered for the efficient and precise cutting of PVC piping. Featuring a highly durable construction and a razor-sharp cutting blade, it ensures clean cuts every time, minimizing the need for secondary finishing. The ergonomic handle design enhances user comfort and control, making it an essential tool for plumbing professionals and heavy-duty installation projects.

Key Features

Core Attributes

- Ergonomic handle for comfortable grip
- High-durability construction
- Precision cutting blade
- Optimized for PVC material

Typical Applications

Plumbing, PVC Pipe Installation, Construction, Maintenance

Identification

Model Number

JRF-PC-203
