Product Overview

Professional Truck Bed Protection

This durable PVC tri-fold tonneau cover is designed to provide robust protection for truck beds against harsh environmental elements including rain, snow, and UV exposure. Engineered for convenience, its tri-fold mechanism allows for versatile cargo access while maintaining a secure, low-profile, and aerodynamic fit. The system features a simple, no-drill installation process that utilizes a reliable clamping design to ensure cargo remains safe and dry.

Technical Specifications

Material	PVC
Model Variants	YD-804A, YB-804A
Warranty	1 year

Features

Core Features

- Tri-fold design for partial or full bed access
- Weather-resistant construction
- No-drill installation
- Secure clamping system
- Low-profile aerodynamic design

Logistics

Packaging Standard	Normal export cartons
