

PVC Trunk Cargo Mat

This PVC trunk cargo mat protects vehicle interiors from spills, dirt, and wear. It features a non-slip surface and custom fit design for easy cleaning and long-lasting protection.

Overview

Versatile Cargo Protection

The TSC-007 PVC Trunk Cargo Mat is engineered to provide comprehensive protection for vehicle interiors against spills, dirt, and daily wear. Featuring tall outer ridges to contain fluids and a heavy nibbed backing to prevent shifting, this mat offers a semi-customized fit suitable for most cars, trucks, vans, and SUVs. Its durable construction ensures long-lasting utility and easy maintenance for professional automotive applications.
