

Quartz Space Heater with Tip-Over Protection

This quartz space heater provides efficient and directional heating. It features a safety tip-over switch that automatically shuts off the unit if it is accidentally knocked over.

Overview

Efficient Quartz Heating Solution

This quartz space heater is engineered for rapid and consistent warmth, utilizing high-quality heating elements to provide immediate comfort. Designed with safety in mind, it includes an integrated tip-over switch that ensures automatic shut-off during accidental displacement. Its compact, oscillating design allows for versatile placement and even heat distribution, making it an ideal choice for both office environments and residential spaces.
