Product Overview

High-Performance Rainbow Braided Cable

This vibrant and durable USB data cable features a rainbow braided nylon exterior, designed for enhanced strength, flexibility, and tangle resistance. Engineered with a high-quality all-copper core, it supports rapid charging speeds up to 2.4A, providing a 40% increase in charging efficiency compared to standard cables. At 1 meter in length, this cable offers the perfect balance of reach and convenience for both data transfer and power delivery needs.

Technical Specifications

Cable Length	1 m
Compatible Interfaces	Lightning, Micro USB, Type-C
