Product Overview

High-Performance Ventilation Solution

This range hood ventilation motor is engineered for household oil smoke extraction, providing reliable and efficient performance. Designed for quiet operation and stability, it features low noise output and minimal vibration to maintain a comfortable kitchen environment. Customizable installation dimensions and performance profiles ensure suitability for a wide array of ventilation system requirements.

Key Features

Product Highlights	Low Noise, Low Vibration, High Efficiency, High Reliability, Stable Speed
Primary Application	Household oil smoke extraction systems

Technical Specifications

Model Specifications

Model	Voltage (V)	Power (W)	Capacitor (F)	High Speed (RPM)	Low Speed (RPM)
YPY-58N	220	58	3	1000	760
YPY-60N	220	60	3	1000	780
YPY-45	220	45	4	870	600
YPY-70	220	70	4.5	980	700
ZWT-45	DC 310	45	0	900	650
ZWT-70	DC 310	70	0	950	700
