

Range Hood with Quartz Lamps

This range hood features a stainless steel 304/430 construction with tempered glass. It includes four 20W quartz lamps and an electronic switch.

Product Overview

Professional Grade Range Hood

This premium range hood is engineered for high-performance air extraction, featuring a durable stainless steel 304/430 construction combined with sleek tempered glass. It integrates four powerful 20W quartz lamps to ensure excellent visibility across the cooktop surface while providing efficient ventilation. Designed for versatility and reliability, this unit delivers an air exhaust volume of 700m³/h, making it an ideal choice for professional-grade kitchen environments.
