Overview

Ratchet Load Binder

This ratchet-type load binder is engineered for secure and controlled tensioning during the transport of heavy materials. Featuring a robust ratchet mechanism and durable hooks, it allows for precise load securing in demanding environments. It is ideal for a wide range of professional applications, including agriculture, industrial construction, and transportation tasks.

Technical Parameters

Technical Specifications

Size (inch)	W.L.L (Lbs)	M.B.S (Lbs)	Weight (Lbs)
1/4-5/16	2600	9200	3.75
5/16-3/8	5400	19000	10.5
3/5-1/2	9200	33000	12.9
1/2-5/8	13000	46000	14.55
