Product Overview

Professional Recessed LED Downlight

This recessed LED downlight utilizes advanced Nichia-EMC technology to deliver high luminous efficiency in a compact form factor. Designed with a deep cup antiglare structure, it provides soft, comfortable illumination that protects the eyes while maintaining a CRI of over 90 for true-to-nature color rendering. The integrated design ensures easy installation, making it an ideal lighting solution for high-grade residential, hotel, and club environments.

Technical Specifications

Optical Features

- Accurate optical lens
- Multiple beam angles available

Color Rendering Index (CRI)	90 >
Anti-glare Protection	Yes
Heat Dissipation System	Multi-channel dissipation for extended lifespan
