Product Overview

Professional Recessed LED Downlight

This recessed LED downlight utilizes advanced Nichia-EMC technology to deliver high luminous efficiency in a compact form factor. Designed with a deep cup antiglare structure and accurate optical lenses, it provides soft, comfortable illumination suitable for high-end residential, hotel, and club environments. The integrated design ensures straightforward installation, while the multi-channel heat dissipation system promotes extended product longevity.

Technical Specifications

Power Consumption	5 W
Input Voltage	220 V
Frequency	50 Hz
Current	46 mA
Power Factor	0.5

Lighting Performance

Color Temperature	3000 K
CRI	90

Design & Features

Mounting Type	H4Q
Key Features	Nichia-EMC Technology, Antiglare Design, Deep Cup, Integrated Heat Dissipation, Easy Installation

Applications

Ideal For

- High-grade residential districts
- Hotels
- Clubs
- Indoor lighting decoration
