

Rechargeable 360-Degree Camping Lantern

This camping lantern provides 360-degree light distribution. It features a rechargeable sealed lead-acid battery and a plastic handle that doubles as a stand.

Product Overview

Reliable 360-Degree Lighting

This rechargeable lantern provides comprehensive 360-degree illumination, making it an essential tool for camping, hiking, or emergency home use during power outages. Equipped with an internal rechargeable battery, it eliminates the need for disposable cells. The unit includes advanced overcharge and overdischarge protection to ensure long-term reliability and safety.
