

Rechargeable 360-Degree Camping Lantern

This rechargeable camping lantern is designed to provide 360-degree illumination. It features a rechargeable sealed lead-acid battery and fluorescent tubes.

Product Overview

Versatile 360-Degree Illumination

This rechargeable camping lantern provides reliable 360-degree light distribution, making it an ideal solution for outdoor activities and emergency preparedness. It features flexible lighting options with both single and double tube operation, alongside an integrated torch function. Built with overcharge and overdischarge protection, it ensures safety and longevity during frequent use.
