

Rechargeable 360-Degree Camping Lantern

This rechargeable camping lantern provides cordless operation for outdoor and emergency use. It emits a 360-degree beam of light, illuminating a wide area.

Product Overview

Versatile Lighting Solution

This rechargeable 360-degree camping lantern is designed for both outdoor adventures and emergency preparedness. It features a high-capacity sealed lead-acid battery and a powerful 7W fluorescent tube to ensure consistent, wide-area illumination. The unit includes built-in protection against overcharging and over-discharging, making it a reliable and durable portable light source.

Technical Specifications

Battery Type	6V 4Ah Sealed Lead-Acid
Light Source	7W Fluorescent Tube
