

Rechargeable 360-Degree Fluorescent Camping Lantern

This rechargeable camping lantern provides 360-degree illumination using fluorescent tubes. It is equipped with a rechargeable battery and a metal handle for portability.

Product Overview

Versatile 360-Degree Lighting

The Rechargeable 360-Degree Fluorescent Camping Lantern is a portable, high-efficiency lighting solution designed for both indoor and outdoor utility. Featuring a distinctive cylindrical design, it provides uniform light distribution, making it ideal for camping, hiking, or as a reliable emergency light source. With built-in overcharge and overdischarge protection, it offers consistent performance and longevity for professional and recreational use.
