

Rechargeable 40W LED Torch with Stand

This rechargeable LED torch delivers high-power illumination. It features a durable construction, a comfortable handle, and a stand for convenient, hands-free operation.

Overview

Professional High-Power Illumination

This rechargeable 40W LED torch is engineered for demanding industrial and professional environments. It features a versatile dual-light system with a powerful spotlight and secondary LEDs, providing a combined brightness of 2200 lumens. With its integrated stand and long-lasting lithium-ion battery pack, this unit ensures reliable, hands-free illumination for extended work shifts.

Performance Metrics

Combined Brightness

2200 Lumen

Total Brightness

44 W

Input Power

Battery Duration

- Main Spotlight Low: ~12 Hours
- Main Spotlight High: ~5.8 Hours
- Sub LEDs Low: ~11 Hours
- Sub LEDs High: ~5.6 Hours
- Combined Output: ~2.8 Hours

Technical Specifications

LED Configuration

Light Source	Brightness	Color Temp
Main Spotlight	1,200 Lumen	6,500K
Sub LEDs (8pcs)	1,100 Lumen	6,500K

Power and Battery

Battery System	13.5V, 6.6Ah, Lithium-ion, 18650 Cells
Charging Input	AC 100-240V 50/60Hz
