

# Rechargeable Battery Pack

This rechargeable battery pack is designed for electronic devices. It provides a reliable power source for various portable electronic applications.

## Product Overview

### Reliable Power Solution

This rechargeable battery pack is engineered for consistent performance in portable electronic applications. It provides a stable 7.2V DC output with a 900mAh capacity, ensuring reliable operation for compatible devices like the ATA HD-C and CM-W2-1. Designed with safety in mind, it includes standard warnings and certifications to ensure secure handling and usage.

## Technical Specifications

Voltage	7.2 V
Capacity	900 mAh
Energy Rating	6.5 Wh

## Compatibility

### Compatible Devices

- ATA HD-C
- CM-W2-1

## Compliance & Safety

### Safety Guidelines

- Use only the specified charger
- May explode if disposed of in fire
- Do not short-circuit
- Do not disassemble

Certifications	CE
