

# Rechargeable Halogen and Fluorescent Spotlight

This spotlight combines a high-intensity halogen bulb and a fluorescent tube. It is rechargeable and suitable for outdoor activities, security, and emergency use.

## Product Overview

### Versatile Dual-Lighting Solution

The TK-628 is a multi-functional rechargeable spotlight designed for professional and emergency use. It combines a 7W PL fluorescent tube for wide-angle illumination with a high-intensity 6V halogen bulb for focused beam performance. Featuring an automatic emergency light-up function and a multi-angle table lamp design, it provides reliable lighting in diverse environments.
