

Rechargeable High-Power LED Torch

This rechargeable LED torch features a robust design and powerful illumination. It is equipped with a high-intensity LED for long-range visibility and a rechargeable battery for extended use.

Product Overview

High-Power Professional Lighting

This rechargeable LED torch is engineered for demanding environments, providing high-intensity illumination with a reach of up to 2500 meters. Designed with a robust housing and ergonomic handle, it is suitable for outdoor use, industrial applications, and emergency preparedness. The unit features dual sealed lead-acid batteries and a versatile charging system, ensuring reliability when you need it most.

LED Power

Battery Runtime

Brightness Mode	Runtime
Soft Bright	Approx 10 hours
Strong Bright	Approx 5 hours

Technical Details

Electrical Specifications

- Input Voltage: DC 6V
- Battery: 4V 4Ah Sealed Lead Acid (2 PCS in series)
- Charging Time: 15 hours
- AC Adaptor Input: 100-240V 50/60 Hz
- AC Adaptor Output: DC 6V / 800mA

Dimensions & Logistics

Packaging & Container Loading

- Carton Size: 638 x 482 x 257 mm
- Quantity per Carton: 4 pcs
- 20'FT Container: 1,412 pcs
- 40'FT Container: 2,824 pcs

Physical Dimensions

239 x 198 x 212 mm

Features

Included Accessories	AC Adaptor, Strap
